

We're here to help.

We define sexual assault as any unwanted touching of a sexual nature where you did not consent, were unable to consent, or felt threatened or afraid to say no.

If you've been raped or sexually assaulted, a lawyer may be able to help with the issues you face as a result of the assault.

We represent all rape and sexual assault survivors, including:

- Adults and children
- People of all sexual orientations and gender identities
- Immigrants, refugees, and undocumented individuals
